Indiana International
Mr. Bhatia
Indiana House, Marol Naka, Andheri
Mumbai - 400059, India

Dear Mr. Bhatia

We commend your staff on their over all efforts on the Egypt LNG Project. Indiana Cable Tray successfully provided quality cable tray in a timely manner. In addition to the high quality product, Indiana also provided excellent service even with the Egypt LNG Project's very aggressive schedule.

Indiana worked well with Wholesale Electric and Bechtel to identify priority areas and meet construction schedules.

I look forward to working with Indiana Cable Tray on future projects.

Sincerely,

David Patterson

by the trunking manufacturers shall be utilised. In vertical runs of cable trays, suitable racks for the support of cables shall be inserted every two metres. Steel cable trunking shall be manufactured in accordance with BS 1449.

- xiv) To preserve the earth continuity of the cable trays all joints shall be bridged across with 12.5 mm x 2.5 mm copper tape bolted to the cable trays with M5 R.H. brass screws, nuts and locking washers.
- xv) Where cable trays pass through fire walls, suitable 90 minutes fire barriers / fire retardant materials shall be provided.
- xvi) Where it is stated that cable trays shall be used, the cable tray accessories, bends, tees, joints, etc. shall be galvanised.
- xvii) Where the ends of cable trays and accessories of galvanised equipment have been damaged they shall be painted with galvanised or other zinc-rich paint.

3) Earthing:

- i) Earth terminal shall be fitted to all cable tray routes in accordance with the IEE Regulations.
- ii) The cable tray earthing shall be connected to the master ground bar at each of the two areas to ensure that the earthing impedance is within the acceptable limits.

4) Documentation

- i) At the completion of the cable tray installation, the contractor shall submit a dimensional built As Bu.^d Drawings with the correct and proper setting out of the cable tray routes.

5) Recommended Manufacturers:

- i) Burn Tubes, UK
- ii) Davis, UK
- iii) Unistrut, UK
- iv) Swift, UK

April 7, 1993

This is to certify that Messrs. Indiana Cable Trays Corporation, Bombay, have supplied Ladder Type as well as Perforated Type cable trays with all accessories and supporting system, valued approx. Rs. 11,000,000/- (Rupees Eleven Million approx.) for NTPC Dadri Project. These cable trays and accessories were supplied for the Gas based Combined Cycle Power Plant wherein all the Imported items were supplied by Siemens AG, Germany.

Indiana has been very cooperative during the execution of the order and the quality and workmanship of the cable trays etc. was excellent. In view of this, we also placed a repeat order on them for cable trays & accessories for our MSEB Uran Project - order value approx. Rs. 7,000,000/- (Rupees seven million approx.)

We recommend Indiana for supply of cable trays and accessories for similar projects elsewhere.
